

A Message from Wyatt Miller

Come join me, Tyson Poor and Makani Fins at Punta San Carlos, Baja with SoloSports Adventure Holidays for a week of wave and freestyle instruction and *Makini Fin demos. Learn the basics of wave riding or fine tune your top turn, while learning some free-style skills to take home and impress your local crowd.

I had my first San Carlos session at the age of 16 and have been coming back every year since. "PSC is like a skate park for windsurfers, you could not have designed it any better."

We designed this instructional clinic to be at the end of the traditional windsurfing season because that's when you're in your best shape. You've had the whole season to tune up and condition yourself. I will have Tyson Poor to assist me and Makani reps to familiarize you with their vast product line of fins.

**Makani Fin Demo Oct-26-Nov.2*

Check out Makani Fins website to see all the great fin products they offer. There will be a good selection of fins for you to demo in PSC. SoloSports Adventure Holidays are proud to use Makani Fins in their Quad waveboards!

Instruction for all levels of windsurfing ability

Punta San Carlos has long been a popular destination in the early fall because of the frequency of south swells and wind that is more conducive to classic wavesailing. So now you can charge on as your own backyard winds down.

Basic sailing skills need a tune-up? Tired of watching your friends do their duck jibes around you? Not all of us want to be dyed in the wool wave sailors. Although Punta San Carlos is a renowned world-class wavesailing destination, there are other venues that can be enjoyed. Our smooth side-off winds are perfect for all styles of sailing.

Wyatt's week can tune up your basic skill levels & give you a healthy introduction to basic wave sailing. The San Carlos beach break sailing location right in front of camp offers beginning wave sailors gentle breaking waves, making for a pleasant learning experience. There will also be video and still photos to assist in your instruction and to help you improve.

Your Host - SoloSports Adventure Holidays

** Makani Fins Demo week Oct.26-Nov.2 only*

This is the perfect hassle free way to experience Punta San Carlos SoloSports has been hosting guests to Punta San Carlos for over 25 years. Their all-inclusive holiday packages include van or private plane transportation from San Diego right to the front door of Campo SoloSports in Punta San Carlos.

All of your specially prepared meals, snacks and beverages are included. In addition there is the Chili-Bomb Cantina & Solace Lounge where all your beer, wine and spirits are also included. Accommodations are spacious, quiet, canvas Springbar tents,

secured to a wind protected carpeted tarmac. We've taken "rugged" out of camping. Hot showers, Internet and a multi-media activity room round out the amenities, making your experience truly deluxe camping. Of course there is also the services of our friendly knowledgeable staff that are eager to enhance your Punta San Carlos experience.

SoloSports has also included the demo gear option as part of your package price. Ezzy sails, RRD, Quatro & Goya boards, Streamlined booms & bases and DaKine accessories make the perfect gear setup for the San Carlos wind & wave conditions. Surfboards, SUPs, kayaks and mountain bikes are also included in holiday package price. So what are you waiting for?
